Dear Applicant(s) / Property owner(s):

On November 4, 2024, the Board of Zoning Adjustment considered your request for a Special Exception to allow a Building and Landscape Materials Supplier to operate in a B-3, Community Business Suburban District; the Unified Development Code (UDC) requires a Special Exception to allow a Building and Landscape Materials Supplier to operate in a B-3, Community Business Suburban District.

After discussion, the Board determined the following findings of fact for approval:

- A. The proposed use **is** in harmony with the general purpose, goals, objectives and standards of this Chapter, or any other plan, program, map, or ordinance adopted, or under consideration pursuant to official notice, by the City.
- B. The proposed use at the proposed location **shall not** result in a substantial or undue adverse effect on adjacent property, the character of the neighborhood, traffic conditions, parking, public improvements, public sites or rights-of-way, or other matters affecting the public health, safety and general welfare either as they now exist or as they may in the future be developed as a result of the implementation of provisions and policies of this Chapter, or any other plan, program, map, or ordinance adopted, or under consideration pursuant to official notice, by the City or other governmental agency having jurisdiction to guide growth and development.
- C. The proposed use **will** be adequately served by, and will not impose an undue burden on, any of the improvements, facilities, utilities, and services specified in this subsection.

- D. The proposed use **is** consistent with all applicable requirements of this Chapter including: any applicable development standards in Article 3, and any applicable use regulations in Article 4.
- E. The proposed use **is** compatible with the character of the neighborhood within the same zoning district in which it is located.
- F. The proposed use **will not** impede the orderly development and improvement of surrounding property for uses permitted within the zoning district.
- G. The proposed use **will** have no more adverse effects on health, safety or comfort of persons living or working in the neighborhood or will be no more injurious to property or improvements in the neighborhood than would any other use generally permitted in the same district.
- H. The site **is** designed to provide ingress and egress that minimize traffic hazards and traffic congestion on the public roads.
- I. The site **is** designed to minimize the impact on storm water facilities.
